

Managed Services for Digital Marketing

More channels. More reach. Less effort.

Are you struggling to reach the right customers? With consumer journeys more fragmented than ever — and with more options to reach them — it's becoming increasingly difficult to find the "just right" mix of digital marketing. With strategic guidance and technical support from Rithum, you can.

Let us handle the digital marketing details. So you can focus on your business.

When you combine the strength of Rithum's proprietary technology with the experience of our digital marketing experts, amazing things can happen. Like high-performing campaigns that don't require constant maintenance. A greater return on ad spend. And ultimately, faster-than-ever sales growth. Plus, we'll free up your internal team to focus on other important aspects of your business.

How it works

Deliver the right product to the right customer — at the right time, every time. Rithum optimizes campaigns across all your paid search, shopping and social campaigns.

Paid search and shopping

From advanced automation to insights from \$50 billion in GMV, we give you exclusive access to tools and tips you can use to streamline campaigns. Our experts will ensure you get your money's worth from every campaign by optimizing bids, identifying new audiences and tracking conversions.

Paid social

We give you one place to share, promote and test social promotions across hundreds of channels — all in a single feed you won't have to manage manually. Reach the right audience and easily segment your campaigns without the constant guesswork.

Product feed management

Get your data right every time. Our advanced product feeds tailor your data to meet the unique requirements of any channel — including custom ones — instantly and accurately. It means a more reliable experience for your customers, and more conversions for your business.
